

DO NOT MESS WITH MY XM!!! I was unhappy with AM and FM and finally had a better choice. Don't take away my instant traffic and weather, it is a very useful tool. When we were recently traveling to Florida from Boston, it saved us. We were able to plan ahead and avoid delays. It allowed us to know what type of weather we would be heading in to.

With my XM subscription, my entire family gets what they want. Making a family happy, from age 4-38, that is something! I can let my kids listen to their favorite XM stations, and not be afraid of what they will be exposed to. I can pick from many different stations to better my day. From listening to VH1 radio, any of the decades, & catching up with up to date talk radio. Then there is the lift I may need after a tough day with my comedy stations.

I don't ask for much, and I don't like to cause a fuss. But if you try to alter my XM, there will be problems. Stop being a bully and leave XM nation the way it is.

Thank you for your time..
